War Prisoners Held By Koreans Major Problem

Fate Of Hundreds Of U.S. Prisoners Causes Concern

By JOHN RICH
(U. S. Staff Correspondent)

TOKYO, Sept. 30.—The fate of hundreds of American soldiers held by North Korean Communists as prisoners of war posed a major problem today in the aftermath of victory against Red aggression.

There is no known checkup thus far of the actual number of American troops held by the North Korean Reds.

There is evidence—photographic and otherwise—that some U. S. troops seized by the Reds were subjected to atrocities and massacre.

The International Red Cross has reported from North Korea to the United Nations high command in Tokyo the names of only 39 American prisoners, although the total that the Communist command has announced far exceeds this number.

Decision Complicated

Korea's military problem, now solely dependent upon decisions of the United Nations which will be transmitted to Gen. Douglas MacArthur, has been complicated by the question of American war prisoners.

Communist forces beating a retreat out of the liberated capital of Seoul and presumably seeking some new strongholds in the north if Gen. MacArthur should be authorized to cross the 38th parallel, have taken their American prisoners with them.

When U. S. First Marine and Seventh Infantry Division troops forced into Seoul last week, they missed by 24 hours the possibility of freeing an estimated 400 American soldiers who had been held in the city jail.

These men had been taken northward by the retreating Communist forces.

Just a year ago today, the first fairly heavy frost of the fall season was noted, the temperature dropping to 30 degrees during the night. It is believed that most corn planted late in the season will yield a full crop, belying adverse growing conditions during the early part of the summer.

Good progress is being made in laying the huge floor beams for the new bridge over the Neshannock creek at Grove street. Fifteen of these huge beams will support the weight of the traffic which will use the bridge, enough to support a fairly good sized office building.

Dear Pa New: We were going down the New Castle-Warrenton road last night about 7 o'clock, and two fawns crossed the road in front of our car. After they got about half way across the field, they stood and looked at us. They were a pretty picture. Mrs. Charles Selby, 802 Grant street.

It hardly seems possible but one month of the present school term has been completed by the boys and girls of the city. The pupils will get their first vacation of the present semester next Friday when teachers meet at the Cathedral for a district meeting. Their next vacation will be at Thanksgiving time.

Apple harvest is in full swing about the county at the present time. Earlier varieties of the fruit are being picked while some types are a little late due to the backward season and will be harvested last it is reported. A bumper crop is reported in most orchards.

Warn Russia Will Resume Cold War Trouble Making

By GEORGE DUNO
(U. S. Staff Correspondent)

WASHINGTON, Sept. 30.—U. S. intelligence agents warned the government today that Russia plans to overcome her frustration in the Korean hot war by resuming cold war trouble making in Germany.

Agents' reports from Europe, disclosed by diplomatic and military officials, say that German Communists are set to create all possible turmoil in the western zones of Germany during the next month.

U. S. High Commissioner John J. McCloy and military men are agreed that planned demonstrations are due in the occupied zones this weekend and that they must be prevented with firmness.

At Loss To Explain

According to intelligence men, East German Communists are completely at a loss to explain the sudden collapse of the much vaunted "peoples army" of North Korea which they bragged would defeat the "imperialistic, capitalist" United States.

To fill the embarrassing void, the Politburo has ordered the new rash of trouble on the free side of the east-west boundary.

The Reds are smarting under the refusal of permission for big demonstrations in various western zones.

PITTSBURGH, Sept. 30.—(INS)—Negotiations continued today in an effort to avert a threatened strike at six major Pittsburgh hotels at midnight tonight.

Although officials of the AFL Hotel and Restaurant Employees Alliance, Local 236, said that no strike vote has been taken, the "overwhelming rejection" of an offer by the Pittsburgh Hotel Association was described as sufficient authority to order a strike.

Western Power Members Of U.N. Push Peace Move

Drive For Early Agreement On Plan For Peace In Korea

By PIERRE J. HUSS
(U. S. Staff Correspondent)

LAKE SUCCESS, Sept. 30.—Western power members of the United Nations will drive today for early agreement on a plan to restore peace in Korea.

The fight for and against rapid action by U. N. will be touched off today in the 60-nation political committee between Soviet Foreign Minister Andrei Vishinsky and the line-up of western countries headed by the United States and Britain.

Plan To Bring Peace

The political committee has before it as a start a joint resolution to bring peace to Korea sponsored by Britain, Australia, the Philippines, Pakistan, Brazil, Cuba, The Netherlands and Norway. The United States supports it but prefers to avoid direct partnership to forestall Soviet attacks alleging that America is master-minding the Korean solution.

The resolution tacitly embodies in its preamble reference to the security council's June 27 edict and in other provisions an unmistakable go-ahead signal to Gen. MacArthur to carry U. N. military operations into North Korea to any extent on Page Two

Delay Tactics Revived In U.N. By Vishinsky

(BULLETIN)

LAKE SUCCESS, N. Y., Sept. 30.—(INS)—Soviet Foreign Minister Vishinsky promptly intervened in the opening moments of the U. N. political committee today to protest the imprisonment of trade union leaders in Greece.

He demanded that the committee call on the Greek government to set free 19 prisoners. It is recalled that last year the Soviet delegation obstructed proceedings with similar demands.

Efforts are being concentrated in the committee to rush a decision on Korea.

Vishinsky Seizes Floor
Five minutes after the committee sat down with the pronounced intention of coping with rapid developments on the 38th parallel, Soviet Foreign Minister Andrei Vishinsky seized the floor to demand that U. N. call on the Greek government to free 19 imprisoned trade union leaders.

The maneuver was a familiar Soviet device of previous years for delaying action on any major issue objectionable to Russia. Poland and Czechoslovakia promptly rushed to the floor after Vishinsky with supporting arguments.

MacArthur To Issue Terms Of Surrender

By HOWARD HANDLEMAN
(Far Eastern Director, U. S. S.)

TOKYO, Oct. 1.—(Sunday)—General Douglas MacArthur is expected to begin broadcasting today his terms for surrender by the North Korean Communist forces.

Reliable sources said the surrender demand will be broadcast in the Korean language over General MacArthur's signature as United Nations Commander in Chief.

The victorious five-starred general was reported ready to lay down his terms to the beaten North Korean foe as South Korean troops massed growing strength along the 38th parallel border, eager for word to plunge across it.

Arrest 21 West German Leaders Of Communists

DORTMUND, Germany, Sept. 30.—(INS)—German police arrested 21 West German Communist leaders in early-morning raids today in an effort to disrupt plans for tomorrow's Red demonstrations.

They also closed all offices of the Communist youth organization. Police officials said the arrested men may be tried on charges of inciting the public to violate laws.

Air Force Continues To Hammer North Koreans

TOKYO, Sept. 30.—(INS)—Gen. Douglas MacArthur's headquarters announced "good flying weather" in Korea continued today and U. S. far east air forces fighter planes sped after the fleeing and disorganized North Korean enemy.

Shooting Star jets, flown by war experienced pilots of the 49th and 51st fighter-bomber groups, were in the air along with F-51 Mustangs of the eighth fighter-bomber group.

F-80s and F-51s yesterday had one of their biggest days, accounting for untold material damage to the communists in more than 300 sorties.

Rail cars, artillery pieces, tanks, vehicles, locomotives, military buildings, boats and troops were among the many targets hit by the fighters.

Bomb Secondary Targets

Some Royal Australian air force and republic of Korea F-51s joined in the air offensive while the far east bomber command sent more than 40 Superforts into North Korea.

Employees Of Pottery Will Go On Strike

Employees of the Shenango Pottery will strike at midnight tonight. Negotiations between the management and union reached a stalemate late Friday night and this morning a mass meeting of the employees was held in the Benjamin Franklin junior high school.

At the meeting, President Donald E. Brown of Local 3125 reported the progress of the negotiations and the strike decision, reached some time ago was ordered put into action tonight at midnight.

Both sides shaved their offers in the meeting late Friday.

The union agreed to drop the demand for pensions and accept a thirteen and a half cent increase in hourly wages, plus a 2 1/2 cents per hour for insurance.

The company countered with an offer of a ten per cent increase, of which eight per cent would be a wage increase. The other two per cent could be taken optionally by the employees, either as an addition to wages or to be used for insurance. The afternoon shift would get 5 cents per hour additional and the midnight shift ten cents per hour.

Both sides stood on their final offers and the negotiations broke up.

At noon today the union was preparing its picket schedule. Maintenance employees of the company will be permitted to work to keep up steam and heat and other necessary maintenance operations.

South Korean Leader Urges Border Crossing

U.S. Troops Drive Ahead In Southern Sector Of Korea

By HOWARD HANDLEMAN
(Far Eastern Director, U. S. S.)

TOKYO, Sept. 30.—A devastating U. S. Marine air strike wiped out Communist defenders of a key city south of Korea's 38th parallel today as United Nations ground troops ranged in force along the border.

Marine flyers blasted Uijongbu, vital retreat base of the withdrawing Communists 18 miles south of the border.

A dramatic communique from General MacArthur's Tokyo Headquarters announced:

Lined up on Border

"Uijongbu has died beneath a hail of rockets, bombs and bullets."

While additional gains were made in southern areas by American troops, forces along the border were prepared to sweep into Communist-held areas in the north if MacArthur gives the order.

In an exclusive interview with International News Service War Correspondent Irving Levine, South Korean Defense Minister Hsin Sung-Mo urged UN forces to strike immediately north of the parallel.

The defense minister urged the top UN command "to finish off the job" and added:

"To pause and wait is to give the North Koreans time to regroup for defense, and would be militarily unwise."

In the southern sector below Seoul, American domination of the battle zone was reflected in a northward move of Lt. Gen. Walton H. Walker's Eighth Army Headquarters.

Moving to Taejon
Walker told International News Service he is moving his headquarters immediately from Taejon.

Lt. Gen Walker Gives Praise To 24th Division

By LEE FERRERO
(U. S. Staff Correspondent)

TAEJON, Korea, Sept. 30.—Lt. Gen. Walton H. Walker made a flying visit back to Taejon today to commend personally the U. S. 24th Division which lost the city tragically two months ago but won it back day before yesterday.

The dynamic field commander of United Nations forces in Korea said "I made this flying visit to see the boys."

General Walker recalled that on his last visit to Taejon he said goodbye to Maj. Gen. William F. Dean, commander of the 24th, who has been listed as missing since the fall of the city to the Reds.

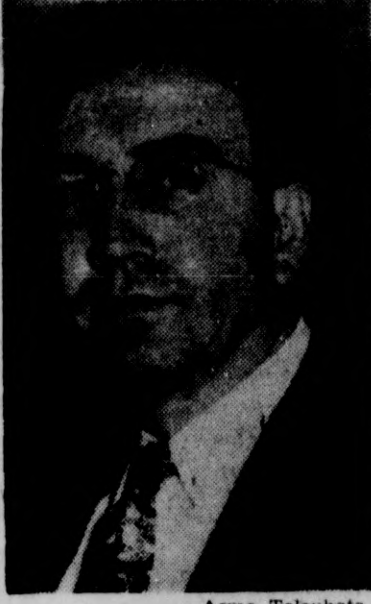

Good To Be Back

"It is very appropriate that the 24th Division, which suffered the agonies of withdrawal and loss of Taejon should retake the city."

General Walker took a deep breath and said:

Plunges To Death From Eighth Floor Of Chicago Hotel

CHICAGO, Sept. 30.—(INS)—A 29-year-old bridegroom who said he found no joy in "love for a girl or love for a cause" slashed his wrists with a razor blade early today and then plunged to his death from an eighth-floor window of a downtown Chicago hotel.

Murray S. Mayer, of suburban Winthrop Harbor, left notes in his hotel room saying his lifelong search for happiness became "unbearable" because "there is something in my nature which resists happiness."

Police said his father, Walter, president of a linen importing firm told them his son was depressed because immigration restrictions prevented him from bringing his bride—a French girl he married last summer after a whirlwind courtship—to Chicago.

I listen to the be-bop boys and girls who croon their songs, and to my own melodic car, there's something mighty wrong. They slur their lines, they blot the notes, the songs have sour lines, where are the songs of yesteryear like that "Sweet Adeline." Where are those songs, I shouldn't ask, they're back again you see, for folks prefer those lilting lines, that and barbers harmony. Those songs have lived-while be-bop bloop is here and gone away, for folks like melody it seems, it's 76 today.

Foreign Exchange Dealings Halted In Canada Today

OTTAWA, Sept. 30.—(INS)—Foreign exchange dealings in Canada were halted by government order today.

The drastic financial measure was announced by Finance Minister Douglas Abbott, who said the cabinet will meet during the day to discuss the foreign exchange rates. Wall street circles have long expected such action, as U. S. security houses over the past few weeks have reported that American speculators and investors have poured millions of dollars across the border in anticipation of the action.

If revaluation to the U. S. level does not take place it will represent a ten per cent profit for American investors because the Canadian dollar is now worth approximately 90 cents in American currency.

It was discounted ten per cent last year in line with the 30 per cent devaluation of the British pound sterling.

breath, looked around, and added: "It is certainly good to be back again and it is a different story from last time."

The victorious commander said there is only mopping up to do now and continued:

"We are pursuing the enemy north and east of the Seoul-Pusan railroad and highway—and annihilating them in the field."

"This includes the enemy to the south and west of this area. There is no effective organized resistance in either area."

"For all practical purposes we have destroyed in the field the hard steel core of the North Korean army south of the 38th Parallel."

"We have flushed the big coveys and are now picking off the singles."

AIR FORCE CONTINUES TO HAMMER NORTH KOREANS

Korea to bomb remaining secondary targets.

The third bomb group also continued its third round-the-clock attacks on the communists.

Last night B-26s made effective strikes as did Marine Corsairs.

The B-26 light bombers flew armed reconnaissance missions against communist troops moving north of the 38th parallel, damaging troop trains northeast of Chonwon.

Near Kumsong they strafed and caught another troop concentration northwest of Chonwon.

A factory near Chinnampo was bombed by B-26s with green and blue explosions following the attack.

Railroads and Bridges Hit

The invader bombers also made railway and highway strikes, using all types of ammunition.

The Superforts major aerial offensive was made with good results in northeast Korea with more than 350 tons of bombs dropped on varied targets.

Attacks on marshalling yards and bridges were made visually and produced excellent results.

One B-29 crew knocked out three spans of a rail bridge on the northeast coast of Korea while another crew reported that it blew up a double track railroad bridge near Sarwon, which is just south of the communist capital city of Pyongyang.

NEWSPAPER WEEK

Webster defines a newspaper: A paper printed and distributed at stated intervals, usually daily or weekly, to convey news, advocate opinions, etc. That is true but far short of the whole truth.

We had a sample of newspaper power in a community last week in the talk by Ray Sprigley.

The compliments he paid our community for law and order are due in large part to the power of our local paper for decency and uprightness.

A community without a good newspaper would be as bad off as a community without churches.

To commemorate "Newspaper Week" we will have as speaker, Mr. Don Gapp of Meadville, who will be introduced by Dick Rentz.

German cities, and it is reported that Communists have been sneaking in from East Germany to stir up "protest" rallies against the ban.

Red Organs Distributed

Although the allied high commissioners have forbidden all Communist publications in West Germany, it is admitted that the Red organs are being published underground and distributed secretly.

The western occupation forces expect trouble more or less continuously from now on and are anticipating it not only in Berlin but in such cities as Dortmund, Dusseldorf, Cologne, Essen and other western groups.

U. S. officials view the situation from one aspect as a deliberate test of the strength and ability of the new reorganized West German federal police force.

So far this force has not been fully manned, but France, Britain and the U. S. have decided it should be increased to 30,000 men.

munists in their evacuation of the capital city. U. S. Marine forces who plunged into Seoul found U. S. Army insignia and other evidences of the Americans' capture.

U. S. officials in Tokyo said their main desire is to send air evacuation planes into northern Korea to bring out the American troops and give them every medical and other aid required.

But to accomplish this aim would require either a surrender agreement by the North Koreans or completed military occupation of the areas above the 8th parallel—a step ruled out thus far by United Nations authorities.

Demand Best Treatment

Information at U. S. Army Headquarters in Tokyo emphasized that the United Nations will demand the best possible treatment for American captives.

There is no thought of allowing them to be bounced around in jeeps or makeshift transportation from the north down to the 38th parallel.

U. N. authorities, victorious in this war against Communist aggression, are determined on this point and will stick to it.

These same Allied sources announced that North Korean prisoners in United Nations hands now total 15,507—of which more than 4,000 were scooped up only yesterday.

American Army officials said that the Communists suffered 40,000 casualties in the last 10 days alone.

Ecumenical Register Plan Is Continued

Plans for the ecumenical register of Protestant women in Lawrence county are being continued under the direction of the local United Council of Church Women. The register will be conducted during the week of October 8-15 in this county by the panel of the local council under the leadership of Mrs. J. F. Rentz.

When a woman signs an ecumenical registration card, she shows her willingness to stand up and be counted for Christ. Her contribution of one dollar will be used to help in backing work of the United Protestant churches.

There are several reasons why every Christian woman should register. The registration will give a concrete and dramatic expression of thanksgiving and praise for the growing spirit of Christian unity. It will help to widen the scope and influence of women's work in the church. The registration will help to feel the strength and joy that comes from having a part in the ecumenical

movement of a million Christian women.

The registration will assure the continuation of the program of United Church Women within the Council of Churches of Christ in the N. S. A. It will help women who understand the meaning of ecumenicity and will make possible the participation of American church women in the study of the commission on women's work of the World Council of Churches.

The ecumenical register makes possible a well-planned program for Christian social action in the community and nation. Plans are being made for Community Day in this district on Friday, November 3. Progressive action to help produce a peaceful enterprise through the work of special interdenominational projects is being aided a great deal, too.

The local panel of the United Council of Church Women expects to register 1,500 in Lawrence county.

Around Hollywood

By JAMES PADGITT
(International News Service Staff Correspondent)

HOLLYWOOD, Sept. 30.—(INS)—Baron, the photographer of Britain's royal family, has placed himself out on a limb. He was asked to list the six most beautiful women he had ever photographed. Here is his list:

Hollywood's Ava Gardner, New York's Jinx Falkenburg, Russian Ballerina Tomanova, Marie Jose of France, and Mrs. Christian De Lisle and Lady Marguerite Haywood of England.

Baron went into ecstasy over Ava. He declared: "She combines the qualities we expect from America with all that is best in Celtic loveliness. Rarely in my life have I met so lovely a subject. A keen sense of humor, almost cat-like grace, and beautiful whichever way she turns her head."

Loaded With Talent
The "Drama Quartet," which includes Charles Boyer, Charles Laughton, Sir Cedric Hardwicke and Agnes Moorehead, has announced that it will take to the road early next year with a little number called "Don Juan In Hell."

The group will appear only at colleges and universities during an 8-week period with the initial performance in Manhattan in February—and that is Manhattan, Kansas.

Little Bit Young
Pig-tailed Margaret O'Brien claims that she will be glad when 1953 rolls around. She will be 16 then and she can go out on her first date.

The little actress' mother has told her that she cannot go out with the boys until she is 16, even though she does the Charleston in her new movie, "The Romantic Age," dates a boy friend and gets a kiss.

Washington As Youth
With the exception of Abraham Lincoln and Theodore Roosevelt few figures of American history have been portrayed on the screen as frequently as George Washington. Alan Mowbray and Montagu Love made a career out of the playing the father of his country, and even Jack Benny played Washington in a movie.

Yet, Washington never has been seen in a picture as a youth. It remains for James Seay to bring a 22-year-old Washington to movie fans for the first time in Columbia's "When The Redskins Rode."

The Undeveloped Resource

It has been estimated that there are at least 6,000,000 physically handicapped workers in the labor force of the United States. The productiveness of an undetermined number of these—certainly large—can be stepped up by the opening of better opportunity in their placement or by physical rehabilitation and training for better jobs. An estimated minimum of at least a million people presently not in the labor force can be added to it if rehabilitation facilities, including training, are expanded and fully utilized, and if employers everywhere can be persuaded of the demonstrated fact that it is good business to give the qualified physically handicapped worker an even break with the unimpaired.

When there is added to these millions the estimated quarter of a million persons who are disabled every year through various causes, at least 7,000,000 to 8,000,000 persons can be regarded as the physically handicapped working population of the United States.

While this figure is in the nature of a rough estimate, it is supported by authoritative data. In his report to the President for 1948 ("The Nation's Health"), the Federal Security Administrator said: "Each year about 250,000 men and women are so disabled by injury or disease that they become incapable of holding a job or of enjoying a normal life Relatively few of this number suffer impairments so severe that they must always lead sheltered lives."

WHAT CAN BE DONE

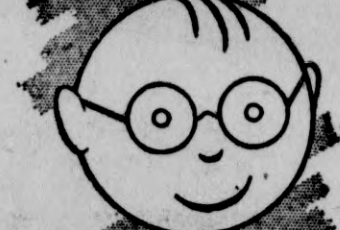

By The Employer

1. Survey their plants for job openings.
2. List all jobs with their local offices of the State Employment Service
3. Hire qualified handicapped workers.
4. Match the abilities of the handicapped worker to the job.
5. Judge the handicapped on their ability—not their disability.

By The Handicapped

1. Register for employment at the Pennsylvania State Employment Service, Citizens Bank Building, New Castle, Penna.
2. Demonstrate their ability on the job.
3. Apply for the services of the State Division of Vocational Rehabilitation (if non-veteran and in need of rehabilitation).
4. Apply to the Veterans' Administration for rehabilitation services (if veterans).

Greenwood Is Again Named

Re-Elected Head Of Third Class Cities State Organization

YORK, Pa., Sept. 30.—(INS)—Coatesville City Solicitor Walter E. Greenwood today stepped into his 23rd year as President of the Pennsylvania League of Third Class Cities.

The militant foe of council-manager government was returned to office by a 27-16 victory over Joseph E. Sheridan, Jeannette solicitor.

Sheridan professed personal opposition to the council-manager plan but was supported by a league faction in favor of the system and anxious to defeat Greenwood.

Also re-elected were Bradford Mayor Hugh J. Ryan, vice-president; Easton City Clerk Chester E. Roger, secretary; and New Kensington City Clerk Louis G. Heinle, treasurer.

The council-manager squabble is expected to come to a head today with introduction of a resolution drawn up by Uniontown Mayor Edward L. Sittler, Jr., urging that the public be allowed to decide the issue at the polls.

Two separate motions to endorse the council-manager plan were turned down by the League's Mayors' Conference.

The league under Greenwood's leadership consistently has opposed the plan which is drawing its heaviest support from western Pennsylvania members.

SOUTH KOREAN LEADER URGES CROSSING

(Continued from Page One)

to Taejon, 85 miles south of Seoul and 125 miles south of the border. On the border itself UN forces which mopped up in Seoul waited for a top command decision on the possible crossing.

Col. Lee Sun Keun, Chief of the Information Department of the South Korean Republican Army, announced that his troops are ready to march on the North Korean capital of Pyongyang the moment that orders to this effect are received.

South Korean troops, Col. Lee said, are "ready and eager" to push

across the 38th boundary and en-000. Communist troops whose elimination is regarded as essential to restoration of peace in this corner of East Asia.

Ready To Go
I.N.S. War Correspondent Irving Levine, with the U. S. Eighth Army and South Korean Republican Divisions in the now allied-controlled areas rolling from Taegu to the northwest, told of the battle plans. He said that all orders have been written and the Republican Army briefed from top to bottom for a race into North Korea and occupation of Pyongyang if orders to do so come forward.

Col. Lee—The information officer responsible for release of South Korean army developments—said that most of the men developed by the Communist for defense of the areas above the 38th parallel are raw recruits, lacking in heavy weapons for any effective defense.

South Korean Republican Army forces moved steadily into complete occupation of all the border areas North of liberated Seoul and took up strong commanding positions all along the parallel.

Some enemy resistance, officially described as "moderate," was encountered at Tanyang, 25 miles east of captured Chungju, and elsewhere in the general frontier area.

But this last-ditch Communist opposition was thrust down and the South Korean soldiery ranged itself in a generally orderly fashion across the Peninsula.

Col. Lee said that the Communists might be expected to offer concerted resistance at the parallel if the United Nations issues orders for any general advance. But he added that when the frontier defense is broken, the enemy will have little to offer and that a swift progress toward occupation of enemy bases at the capital of Pyongyang and elsewhere could be anticipated.

The extent of Communist evaporation of strength was indicated in a Navy communique disclosing that Marines from the British cruiser Cylon landed on the west coast island of Teohung—close to the 38th parallel and believed to have been a heavily-held enemy base—without opposition.

This island, some 12 miles south of the boundary and 57 miles northwest of Haeju on the Korean mainland, was found evacuated entirely of Communist troops.

Information in the hands of South Korean military authorities said that the chief Communist concentration now is at Chorwon, 18 air miles north of the parallel on the trunk rail and highway lines leading to Uijongbu.

Remove Padlock Order Is Issued By Supreme Court

PITTSBURGH, Sept. 30.—(INS)—The Pennsylvania Supreme Court has ordered the padlock removed from Communist party headquarters in Pittsburgh.

The ruling came yesterday when a writ of prohibition was granted to Ben Careathers and James Dolsen, party functionaries.

The high court ruled that the padlocking order granted by Allegheny County Judge Thomas M. Marshall, at the request of Judge Michael A. Musmanno, was "without a warrant in law."

"There is no statute," the Supreme court order read, "empowering a quarter sessions court to padlock the premises because they happen to be occupied or used by persons accused of crime."

Deputy Coroner In Washington County Fired From Office

WASHINGTON, Pa., Sept. 30.—(INS)—Washington County Coroner L. C. Gray has fired his deputy on charges that he silenced the suicide of the cashier of the Cecil, Pa., First National bank.

In dismissing J. B. Jones, Gray said it never has been the policy of his office to maintain secrecy in deaths.

The cashier, John F. Wagner, 57, shot himself in front of the bank vault Monday. He first was reported to be the victim of a heart attack.

An investigation following his death revealed a shortage in the bank funds.

New Castle And Her Industrial Family

(This is the ninth in a series of articles on New Castle industries, sponsored by the Greater New Castle Association.)

AMERICAN CYANAMID MAKES EXPLOSIVES FOR INDUSTRY

Most people associate explosives with bombs and artillery shells but explosives also serve many a peacetime service. Those who quarry rock for use in building, those who mine coal for heating the home, or mine the minerals and ores—all use such explosives.

Under the trade name "American," the New Castle plant of American Cyanamid company manufactures all types of commercial explosives for these countless industries.

Company Produces Many Types Of Chemicals

Cyanamid is a diversified producer. It is a major supplier of fertilizers, acids and alkalis, and other heavy chemicals. It is one of the country's largest manufacturers of dyes and pigments. The company makes weed killers and insecticides, mining chemicals and industrial chemicals used in the production of rubber, textiles, paper, the tanning of leather and as additives to improve motor oils. One of its subsidiaries, Davis & Geck Inc., produces surgical sutures. Another division in the Lederle Laboratories, discoverers of the "wonder drug," aureomycin, and one of the country's largest pharmaceutical and biological producers.

\$800,000 Annual Payroll

Cyanamid came to New Castle in 1934 when the company purchased the Burton Explosives plant. Approximately 260 people are employed here. These men and women received a total of approximately \$800,000 in wages during the year.

Safety Record Ranks High

Commercial explosives are concentrated power designed to do heavy work; they make possible the effective use of large mechanical tools used in mining, quarrying and general construction. High power must be carefully used. The powerful automobile can be a deadly weapon, as witness the many accidents reported daily. The explosives industry's safety record is among the best in all industry.

The stress placed on safety by the New Castle plant is exemplified by the safety record it has compiled. There has not been a lost time accident in over 900,000 man hours of work. That comes out about 700 days, or almost two years. The plant recently received the company's Award of Merit for its splendid record. The National Safety Council and the Commonwealth of Pennsylvania have also given it recognition.

Company Has Many Benefits

The pension and insurance plans, medical facilities, suggestion plan and "promotion from within" policy are some of the benefits in force at the plant.

The New Castle plant has, for years, given financial assistance to such local groups as the Community Chest, Jameson hospital, New Castle hospital, as well as the Red Cross and American Heart Association. Numerous employees are active members in community organizations and hold, or have held in the past, offices in churches, American Legion, Veterans of Foreign Wars and volunteer fire departments.

Plant officials are: L. V. Clark, plant manager; R. C. Williams, assistant plant manager; J. N. Sunderland, plant accountant; R. G. Gutelius, director of research; L. E. Sents, assistant to the director of research; J. M. Miles, acid supervisor; D. M. Taylor, powder line supervisor, and W. L. Redd, supervisor of maintenance and construction.

Nehru Against Advance Beyond 38th Parallel

NEW DELHI, Sept. 30.—(INS)—Prime Minister Jawaharlal Nehru said today that the opinion of India United Nations forces should not go beyond the 38th Parallel until other means of settling the Korean war are exhausted.

The Indian leader declared that "it is wrong to continue military operations when peaceful methods to bring about the necessary results" are available.

The prime minister also said that his government had not received any peace proposals from the North Korean government.

DOUBLE WEDDING FOR SISTERS

"My two daughters are planning a double wedding. Tell me: Are there usually attendants for each bride? What time of day is most suitable? How should the brides and their attendants go up the aisle? Give us all details of a double wedding."

Answer: Usually each bride has her own attendants. Any time of day or evening is proper for a wedding.

At the first sound of the wedding march, the two bridegrooms, their best men and the clergymen leave the vestry where they have been waiting for fifteen minutes and proceed to the head of the aisle, each with his best man behind him. . . . the groom of the older sister nearer the aisle.

The ushers—one-half friends of the first and the other half friends of the second bridegroom—proceed in pairs. Then come the bridesmaids of the older sister followed by her maid-of-honor, walk-

Red Cross Needs Rare Type Of Blood

Local Red Cross office announced this morning that Type O RH-negative blood is desperately needed for three patients at the Jameson Memorial hospital.

This type is a rare type of blood. Any person having this type is urged to call the Red Cross 5084.

Local residents are asked, "Do you know your blood type? Perhaps you will be able to help, as soon as you know what type of blood you have. Call the Red Cross and find out if you are one of the potential donors who can help.

Due to the fact that Type O RH-

negative is a rare type of blood, a low reserve of blood is a situation that exists quite frequently at the hospital. An effort is being made therefore to locate the type before the reserve is again depleted. Try News Want Ads for Results!

Welfare Conference Gives Emergency Aid To Families

One of the 12 Community Chest Red Feather agencies is the Catholic Welfare Conference.

The duties and works of this organization are probably not quite as well known as those of the other groups because most of its work is done quietly.

It is an organization designed primarily to help with problems of the home—both the parents and the children. The eight main services of the Catholic Welfare Conference are:

1. To families in solving domestic problems.
2. Child placement and adoption.
3. Planning for admission to and release from correctional and protective institutions.
4. Services to unmarried mothers.
5. Services to the aged.
6. To displaced persons and refugees.
7. Co-ordinating and referral activities between Lawrence county and Pittsburgh diocesan facilities.
8. Facilities of National Catholic Welfare Conference at disposal.

Emergency Help
Through the conference emergency help is given to those that need it—regardless of religion.

One of its main services is to try and keep the family together and at the same time keeping in mind the dignity of the individual. It helps children with speech and hearing and other defects

through clinics and arranges for X-ray, medical and other facilities for needy children.

Money for the operation of the conference is obtained from the 16 Catholic parishes in this area and from the Community Chest. The parishes pay the largest part of the operation costs.

Offices of the conference are in the Greer building. Mrs. William J. Howley is director.

Ching Considered For New U.S. Post

WASHINGTON, Sept. 30.—(INS)—The White House said today that Federal Mediation Chief Cyrus S. Ching is being considered for the chairmanship of a new wage stabilization board to be set up under the government's anti-inflation program.

Assistant White House Secretary Eben Ayers said President Truman is also considering "a number of prospects" to head the economic stabilization agency which would exercise general supervision over both price and wage controls.

He indicated, however, that no appointment of the latter post is yet in sight.

Reliable sources said Ching actually has been offered the wage board chairmanship.

Khaki was first used in India by the British for the uniforms of soldiers in 1848.

Gen. MacArthur Sends Reply To Truman's Recent Message

TOKYO, Sept. 30.—(INS)—General MacArthur thanked President Truman today for the Chief Executive's message of congratulations on the Korean war.

In answer to the President's message, MacArthur said: "I am most grateful for your generous message which I shall transmit to elements of this command."

"It will be a source of inspiration and strength to all concerned."

In a similar message to the Joint Chiefs of Staff, MacArthur said: "I am grateful indeed for your generous message and even more so for the high measure of understanding support which has been given to me. It has contributed immeasurably to success of our arms."

"I shall take great pride in publishing your message to all elements of the command."

Report Man Slashed During Argument

Hosea Reed has a slashed left hand, left wrist and also a slashed left arm, which required surgical attention in the Jameson Memorial hospital, and Virginia Brown, Moravia street, is accused of wielding the "butcher" knife which cut him at 5:40 p. m. yesterday, the result, a police court report says, of an argument over money.

The fight took place at 901 Moravia street.

Captain of Police Willis G. McMullen has charged Virginia with disorderly conduct and assault and battery.

He said a charge will also be placed against Reed.

Yardmasters Wage Dispute Settled

WASHINGTON, Sept. 30.—(INS)—The White House announced settlement of a wage dispute involving 7,000 railroad yardmasters and said the employees will receive an average increase of about \$54 a month.

The controversy was settled in a White House conference involving presidential assistant John R.

Steelman; Milton G. Schoch, president of the Railroad Yardmasters of America, and the Carrier's conference committee headed by Daniel P. Loomis, J. W. Oram and W. S. Baker.

White House Secretary Eben Ayers announced that the pay raise will go into effect on the nation's railroads Monday.

The dispute was one of the controversies which led to government seizure of the roads to avert a nationwide strike.

WHY NOT A CIVILIAN DEFENSE AGAINST HIGHWAY ACCIDENTS?

Once again the Civilian Defense is being organized and properly so. When war threatens, Americans want their fighting line strong and their cities prepared to defend against attack.

This nation is constantly threatened with an enemy nearly as dangerous as war—highway accidents. Slogans are born, campaigns are put on, but we haven't yet got to the place where we defend ourselves against this enemy.

If all of us could be made as aware of the danger of highway accidents as we are of an aggressor's attack, the toll in life, limb and property would be cut amazingly.

Meantime wouldn't it be a good idea for each one of us to appoint himself to guard against highway accidents? People who are killed on the highway are just as dead as those killed in battle.

New Castle Hi Wins Second Game Of Season At Sharon 13-6

Canes Score Twice In Third Period To Win 'Fumblefest' Friday Night

New Castle high school fumbled away three touchdowns Friday night at Sharon but managed to cross the line twice in the third quarter to beat the Sharon Tigers 13-6.

The Red Hurricanes had two chances to score in the first period, but lost the ball each time inside the 10-yard line on fumbles. Again in the third period the Canes got the ball on the Sharon 10 on a bad punt and worked it down to the four, where they lost it on a fumble.

Fiorante-Latsko Tally

Lucas Fiorante scored the first New Castle touchdown on the first play from scrimmage of the second half. Bill Boak kicked out of bounds to open the half and give Sharon the ball on their own 40-yard line. On the next play center Hunyadi centered the ball over the tailback's head. Fiorante picked up the ball on the bounce on the 30-yard line and raced all the way.

The Red Hurricanes scored again in the third frame when John Sansone intercepted a Sigler pass on the Sharon 30 and carried it down to the 24.

A five-yard penalty against Sharon, a pass from Ray Latsko to Boak good for five yards, and four yards through right guard by John Roussos took the ball down to the ten-yard line, from where Latsko went over on a weak-side delay through left guard.

Yassell Scores

Sharon scored its only touchdown in the fourth period when they intercepted a New Castle pass on Sharon's 30-yard line and raced all the way to the New Castle 20 before he was hauled down by Sam Perrino.

Three plays later Herman Yassell slipped through right tackle from the 15 for the score.

At no other time during the game did the Tigers threaten to score. Most of the time they were deep in their own territory. They made only two touchdowns—one in the second quarter on a completed pass and the other in the fourth frame when pass interference was ruled.

On the ground Sharon was stalled completely, with its only real gain being Yassell's touchdown run. The Bengals gained only 29 yards on the ground and lost 69. Time and again the New Castle line was in to stop Beharry and Roussos on attempted passes. The only kind of passes that the Sharon passers could get off in most cases were desperation heaves, and it was one of these that Sansone intercepted to set the stage for New Castle's second touchdown.

First Quarter Action

In that first quarter New Castle kicked off, but got the ball on the Sharon 41 when Dante DeFalco fell on a Tiger fumble. John Roussos made six yards through center. Wilbur Focht made 10 through right tackle. Roussos made 13 in two tries at center, and Focht made two more over right guard before the Canes lost the ball on the seven-yard line on a bad lateral.

A few plays later a Sansone punt rolled dead on the Sharon five and Beharry quickly kicked out of bounds on the 30. On the next play Roussos broke through right tackle, cut down the sidelines and raced all the way to the one-yard line, where he stepped out of bounds.

ball on the next play to stop the drive. Defensively New Castle played great ball. The Canes throttled all of the Tigers' attempted end sweeps. Most of these were tried by fleetfooted Herman Yassell around right end, but he got nowhere against Bill Boak, Bucky Tate and company around that terminal.

Through the rest of the line there were no big holes. What holes there were were promptly stopped by the New Castle line backers. The Canes played a seven-man line for nearly the entire contest.

There were eight fumbles in the game, with only one recovered by the offensive team.

Few Substitutes

Bob Shellig and Sam Perrino alternated at right guard throughout the contest, and Ray Latsko was shifted between fullback and left half, but outside of these there were few changes in the Hurricane line-up during the game.

Lee Richel saw some action at tackle when Dante DeFalco was hurt in the first quarter, and Paul Bucker was in for a while at right guard. Torrance Rankin was in briefly at left half. Latsko alternated with Roussos at fullback early in the game, but switched to left half when Wilbur Focht was hurt. Focht re-entered the game late in the fourth quarter.

A crowd of about 6,000 saw the game. It is estimated that well over 1,000 persons from New Castle travelled to the game. New Castle and Sharon bands put on a nice show between halves.

THE WEAKER SEX?—That's the question male wrestling fans are asking this morning after watching Jean Holland throw Beverly Lehmer to a fall with a body slam at the Arena last night. Referee George Martzo of Pittsburgh could hardly believe it possible for four women to rough it up like they did in the "tag" match. He just stands in amazement as this body slam ended an airplane spin.

Yankees Clinch Pennant, Phils Must Win One More

By JOHN BARRINGTON

(N. N. S. Sports Writer)

NEW YORK, Sept. 30—While the National League pennant race flared into a suddenly tense and desperate thing, the New York Yankees began today to count their World Series money.

The National League was thrown into an uproar when Brooklyn beat the Boston Braves twice, 7 to 5 and 7 to 6, to put the issue squarely on two showdown games today and tomorrow with Philadelphia.

The Phils, idle yesterday, still lead by two games with two to play. Should Brooklyn win both, it would force the pennant fight into a best-of-three playoff.

Yanks Are In
Meanwhile, the Yankees—without setting foot on the field—clinched the American League championship as the Detroit Tigers bowed before Cleveland, 12 to 2. By winning their 17th championship, the Yankees established a record. Previously, they had been tied with the Chicago Cubs, although the Cubs won the first of their 16 in 1876 while the Yankee dynasty didn't begin to roll until 1921.

Oh yes, Vern Stephens' single and Walt Dropo's triple in the ninth gave the Boston Red Sox a 7-to-6 triumph over Washington. And the St. Louis Cardinals defeated Chicago, 5 to 1.

Wrestling Fans Witness Riot Of Mat Action

Four Girls, McClarity, Venable, 'Mr. America' And Kovacs Please

Fourteen hundred and forty-six persons, approximately half of whom were women and girls, last night in The Arena, watched four "eyefuls" of feminine pulchritude toss each other about like toothpicks and also witnessed Gene Stanlee, alias "Mr. America" flop Sandor Kovacs and Roy McClarity, ex-hockey star, pin Billy Venable's shoulders to the mat.

The mat extravaganza, replete with 1950's version of wrestling, was the best yet judged by the Jefferson A. C., and judging from the applause, booling and hysteria aroused at times, there'll be another crowded Palace of Falls, when four girls will meet here October 25.

The girls were Jean Holland, 135, of Covington, Ky., and Carol Cook, 135, of Toledo, paired against Nell Stewart, 140, of Birmingham, and Beverly Lehmer, 148, of Council Bluffs, Ia. None is over 26 years old.

They were beautiful of form, wore wrestling attire and their facial appearance has not yet been marred by rough work in the ring. But, if they keep up the "work" as performed last night, they surely will inherit "tin ears".

Not only did they pull each other's hair, but they also slugged, and on one or two occasions tossed opponents from the ring. Carol, at times, squared off as though she wanted to fight a la Rocky Graziano.

Carol, Jean Win
In the first fall, Beverly Lehmer pinned Jean Holland to the canvas to win, in 10:37. Carol Cook, the "fury of the feminine mat world" won over Beverly with a hard body slam in 8:35 for the second fall, and in the final fall, which went four minutes, Carol downed Nell Stewart with a body press, hence Carol Cook and Jean Holland beat Beverly Lehmer and Nell Stewart in the tag brawl.

One of the features of the fracas was that firemen prevented smoking. Not one word was said or act displayed to offend the most fastidious and people who wanted to see a spectacular show witnessed one.

Venable Defeated
Bobby Ford, alias Pretty Boy, for some reason or another, did not appear. He wasn't missed because an ex-hockey star, Roy McClarity, took on vicious Billy Venable, who as usual, drew the boos.

McClarity, with the body of a Hercules, forced the "going" against Billy whose mid-section was as round as a beer barrel, not because of any lack of condition, but simply because his body grew that way.

They exchanged rough work, at times, elbowing each other, and going so far as to strike one another with their knees on the (Continued on Next Page)

Ellwood City rolled over 100 miles by bus to Bradford and then lost their first game of the season to the McKean counties, 19-7, Friday night.

Over 2,500 fans watched a scoreless first half and a three-touchdown spurge in the third period. Ed, diminutive Bradford back, and substitute, scampered 83 yards in the third quarter to ice the contest. Senlee, Bradford right end, had taken a Hansen pass earlier in the quarter from 19 yards out to score the game's first touchdown. Buccolino's plunge had sent Bradford into the lead, 7-0.

Cowan Tallies
Edel's mad dash over right guard followed closely the first touchdown of the game.

Later in the third period Wollverine quarter Foley hit Boydell with a 15-yard pass that carried within inches of the goal line. Cowan plunged over for the TD and also for the extra point.

Edel intercepted a wobbly Ellwood pass in the fourth quarter and ran 15 yards to pay dirt to satisfy the hometown people.

Scotties Underdog In Annual Intra-County Gridiron Battle

Bessemer high school football team invades Union Hi tonight at 8:15 in the 26th annual meeting between the two schools.

Both teams are reported in top physical condition for this game, the first intra-county clash of the season.

Phil DeArment, 225-pound Cementer tackle, was injured slightly in the Lowellville contest and took it easy in practice sessions this week, but should be ready to go tonight.

Bessemer Coach Bill Ciccone also reports that Norman Lupo, Darlington 14-0, Mars 12-0, and lost to Evans City 31-12.

If both teams play the type of game that they are capable of, it should be one of the best games in the long series.

Bessemer probably has the better ground attack, with Francis Mooney, Schaville and Angelo Pezuolo leading the way. Union has the better passing attack with Ronnie Wolfbrandt doing most of the throwing. Ronnie May is the Scotties' chief ground threat.

Bessemer line, Peter Barber, Don Wingfield and Ken McPheeters are the veteran Union linemen.

Bessemer uses the single wing, while Union uses the T-formation.

It's That Extra Something That Makes a Champion

That last kick over the finish line, that last ounce of energy on the goal line, that extra something that makes and marks a champion.

That's what makes Federal Trucks the choice of discriminating owners. The new Style Liner model of Federals is the last word in motor truck design and efficiency.

For that extra hard job, you'll need a Federal.

Why not take a look at the new ones?
